

# Working together to support the children

What year group are your children in? \_\_\_\_\_

Which areas of the curriculum are you most interested in getting more information?

| Subject                           | Tick if interested | Any comments |
|-----------------------------------|--------------------|--------------|
| Religious Education               |                    |              |
| Reading                           |                    |              |
| Phonics                           |                    |              |
| Writing                           |                    |              |
| Grammar                           |                    |              |
| Mathematics – general number work |                    |              |
| Mathematics – problem solving     |                    |              |
| Mathematics –Shape and measuring  |                    |              |
| Computing                         |                    |              |
| Early Years Curriculum            |                    |              |
| Speaking and listening            |                    |              |
| Other areas of the curriculum     |                    |              |

How would you like the school to communicate information on supporting your child?

| Communication  | Please tick as many as you feel appropriate | Comments |
|--|---|----------|
| Visiting the children in class and working with them |   |          |
| Talks for parents                                    |   |          |
| Information on the website                           |   |          |
| Information sent home through email                  |   |          |
| Other  |   |          |

We would really like to develop working closely together to support the children. Are there any suggestions you may have to improve and develop communication between home and school

Thank you for taking the time to complete this survey
